

Matthew D'Amour

Boston, MA. || mmrdamour@gmail.com

Experienced project manager in fintech, open source software and financial services realm. I have worked with PMOs and tech. leadership within Fortune 100 software development shops acting as SME on cryptocurrency. and agile methodologies. Now in the Boston area and looking to expand my professional network and enhance my own professional certifications. Currently working on Salesforce admin, and Scrum master certification. Open to some travel, confident speaking to crowds and taking the lead when necessary.
